

ELISE CUNEO

INTERIOR DESIGNER

QUALIFICATIONS

Adv. Dip (Interior Design)

Excellent research and communication skills, and has shown flair for working with clients in the briefing phase of a project

As an Interior Designer, Elise has demonstrated strong working relationships with clients throughout the duration of a project, in particular, the briefing and strategy phase - developing a clear understanding of the organisation's aspirations for their new workplace in both Australia and North America. She brings strong design ability and a desire to explore new ways of working, gained through her five years with BVN.

Elise has worked on a range of projects of various sizes and typologies, including workplace, education, culture, health and research. She has a strong interest in the future of work and the design and transformation of new workplace environments. She has worked on a range of projects of various sizes and typologies, including education, culture, health and research and workplace. She has a strong interest in the design and transformation of new workplace environments.

Elise is currently working with Miller Thomson and LiquidSpace and working with Bill Dowzer in establishing the NYC BVN studio.
