REGISTRATION

Registered Architect, NSW ACT VIC SA

An aspirational thinker, working equally effectively at a strategic level and in detailed resolution, with realistic approaches to delivery.

Abbie Galvin is a Principal of BVN and a registered architect with extensive project experience on award winning master plan, urban design, public, defence, educational, health, research and workplace projects. Abbie brings her projects a strong aspirational focus. She uses her skills and experience across many different project types to challenge conventions, engage with users, and draw succinct conclusions and develop clear and legible built solutions. Abbie's experience on several major PPP's and in a variety of Managing Contractor led projects has developed her skills in working in a truly collaborative project environment, whilst keeping the client's best interests at the forefront. She is able to elicit and combine inputs from a wide variety of specialists, ranging from contractors to operators to specialist engineers. Her projects have been highly awarded and recognised internationally for bringing fresh approaches to common project types, from health through to research and education, public and urban design and defence. She is able to navigate the requirements of innovative and high quality buildings with robust solutions.

Abbie is a member of the UNSW Campus Design Advisory Panel, and the Eminent Architect's Panel for the Sydney Opera House.
